

Wyoming State Geological Survey
Hazards, Mapping, And Water Resources Division
Landslide Reporting Form

Date of occurrence: _____

Landslide reported by (your name): _____

Phone: _____ Or Email: _____

Landslide location: _____

Helpful Information

Fill out the appropriate land survey or coordinates. If an address or coordinates cannot be provided, a detailed description of the landslide location is appreciated.

U.S. Public Land Survey System

Topo Map/Quadrangle	Township	Range	Section

*Please specify the sections quarters (ie. SE^{1/4}, SW^{1/4}, SE^{1/4}, SE^{1/4})

Coordinates:

Degrees, Minutes and Seconds

Latitude	Longitude

Decimal Degrees

Latitude	Longitude

Universal Transverse Mercator System (UTM)

Easting	Northing

***Important note: Please be extremely cautious as landslides can create difficult terrain. Don't put yourself in danger to gather a GPS location on the landslide.**
